Functional Cookies

Always Active

These cookies allow the website to remember choices you make (such as your username, language or the region you are in, your preferences) and provide enhanced, more personal features. The information these cookies collect may be anonymized and they cannot track your browsing activity on other websites.

If you do not allow these cookies, then some services may not function properly.

Performance and Analytics Cookies

These cookies, such as the Google Analytics cookie, collect information about how visitors use a website, for instance which pages visitors go to most often, and any error messages visitors receive from web pages. These cookies don't collect information that directly identifies a visitor.

If you do not allow these cookies, we will not be able to monitor the use and performance of the site or improve how a website works.

We may also use social sharing plugins and cookies to allow you share certain pages of our website on social media.

If you do not enable these cookies you won't get benefits like targeted adverts to hear about our great products, special offers, news and information.
